**Description:**

One of the foremost Experts on ERISA Claims and Litigation, Paul M. Sullivan, Jr. takes you through a five step plan he created in the filing of an ERISA Claim. He begins with the all-important counseling session with the claimant. What does the claimant want and can ERISA provide that? Followed by the statute itself. Can you rely on the actual words of the Act or does real world experience tell a different story? Can the claimant “perfect the claim?” Then he moves onto the actual proceedings and the roles of the courts in several situations. And where does it end and common pitfalls to avoid in your ERISA journey.

**Presenter Bio:**

Paul Sullivan is humbled to be a 38-year Florida Attorney dedicated to pursuing justice for benefit claimants under ERISA- governed benefit plans and to advising and assisting attorneys regarding ERISA related issues. Since his first ERISA preemption in 1987, his practice has focused on ERISA, and he is still learning.
